

# Lee Bank branch renovation enters first phase

And so it begins!

We are eager to report that the renovation of the Great Barrington Lee Bank branch will begin this month. Allegrone Construction will be on site to begin phase one of the project, starting in mid-January. During this phase, our customers will temporarily enter through the back of the building, from the parking lot off of Church Street. The branch will receive new stairs out the back entrance, temporary walls, and doors to make it possible for customers to enter while the front half of the branch undergoes construction. During this time, only customers who require handicap accessibility may use the front door of the branch.

We will be OPEN regular hours including Saturdays during construction. For a

full list of branch hours, visit our website: <https://www.leebank.com/about-us/locations-hours/index.html>

During the first phase, crews will be working on a new teller line, an additional front office space, and an improved entrance with a new ATM and Night Drop Depository.

Chris Kinne, VP of Commercial Lending, and Bonnie Masefield, Mortgage Loan Officer, will be relocated temporarily a few doors down the street in a second floor office space above Tom's

Toys at 291 Main St, Suite 201 and can still be reached by their current phone numbers (413-243-9295 for Chris or 413-243-9290 to reach Bonnie). They will be able to meet with clients at their temporary location.

At some point there will be a short disruption of ATM/Night Drop service while we replace the old machines. Except for this short time, the ATM and Night Drop will be available for the duration of the project in the front of the building. For up to date information on this and other construction news, please follow us on Facebook or visit our website: <https://www.leebank.com>.

If there's anything we can help with in the meantime, please call us at 413-528-5531, or email Branch Manager Brandy McKie: [bmckie@leebank.com](mailto:bmckie@leebank.com).
