If your Kasasa Cash qualifications are not met, ATM fees are not refunded, all balances in your Kasasa Cash account and in your Kasasa Saver account earn 0.05% interest rate with an APY of 0.05% and the interest earned in your Kasasa Cash account is automatically transferred to your Kasasa Saver account.

Interest and ATM fee reimbursements will be credited to your Kasasa Cash account on the last day of current Statement Cycle. Interest on your Kasasa Checking account will be credited to your Kasasa Saver account on the last day of the current Statement. Interest and ATM fee reimbursements from your linked Kasasa Cash account will be transferred to your Kasasa Saver account automatically on the Business Banking day following the day they were credited to your Kasasa Cash account.

The Kasasa Cash APY is based on compounding interest. However, the interest earned in this account is automatically transferred to its linked Kasasa Saver account and thus does not compound in the Kasasa Cash account. As a result, the actual interest amount paid may be less than the APY disclosed for the account. The Kasasa Saver APYs may be less than the Kasasa Cash APYs. Rates and rewards may change after account is opened. Fees may reduce earnings.
